

FOR IMMEDIATE RELEASE

[Oregon City , Oregon] – [May 29,2024] – The Homeless Solutions Coalition of Clackamas County (HSCCC) a prominent advocate for homeless individuals in Clackamas County unveiled the name of the transformative new homeless resource center currently under development. At the Oregon City Business Alliance Luncheon on May 28 Dan Fowler, president of HSCCC announced that the new Resource Center shall be known as “Caring Place”.

Caring Place represents a beacon of hope and compassion in our community, embodying our unwavering commitment to providing support, resources, and assistance to individuals experiencing homelessness or at risk of homelessness. As we embark on this new chapter, we envision Caring Place as more than just a facility; it will be a sanctuary where individuals can find refuge, empowerment, and a pathway to a brighter future.

“We are excited to announce the name of our new resource center,” said Dan Fowler. “The essence of what we are doing , why we are doing it and what it will mean for our community is described in one word ‘CARE’. As of today, we are known as “Caring Place”. With homelessness continuing to be a pressing issue in our community, Caring Place will serve as a hub of support and assistance, offering comprehensive services and providing space for diverse service providers to easily collaborate while working together efficiently .

The Caring Place will provide a range of essential services, meals, showers, case management, healthcare, job training, and more, all under one roof. By offering integrated support and resources, we aim to empower individuals to break the cycle of homelessness and rebuild their lives with dignity and purpose.

"Our vision for the Caring Place is to create a welcoming and inclusive environment where every individual feels valued and supported on their journey towards stability and self-sufficiency," added Dan Fower. "Through collaborative partnerships and community engagement, we are confident that the Caring Place will make a meaningful difference in the lives of those we serve."

The development of Caring Place is made possible through the generous support of donors, volunteers, and community partners who share our commitment to ending homelessness. Together, we are building a brighter future for our community, one where

our vulnerable neighbors have access to safe and supportive resources.
